

Datasheet

FLEX - Stainless Steel Door Loop

Product Description

The range of door loops from CDVI offers a safe and secure method of transferring cables from a fixed point, such as door frame onto the door leaf.

All models have a stainless steel loop for better protection, and all have a minimal internal diameter of 7 mm which is sufficient to handle the most common cables used in door locking/control.

FLEX30

FLEX60

Key Features

- FLEX30: 30 cm
- FLEX60: 60 cm
- Cable/power management
- Easy to install
- 7mm internal diameter
- Economical and vandal resistant

 Certification

 DEEE

 Certification

 IK10
