

COMPLETE TRAINING

“Hands on training from the UK’s largest authorised distributor of Dahua products”

Dahua Product Training

As the leading authorised Dahua distributor in the UK we now offer unrivalled in house training on Dahua products. Our courses offer both theory and the opportunity to get hands on with the latest products and software. Each course is a full day and our technical support team will run through our extensive product portfolio, selecting the right products for your project, installation and configuration.

COURSE: Complete Dahua Training

DURATION: 1 Day - 10:00-16:00

Who Should Attend?

Our courses are aimed at everyone involved in the management and installation of professional CCTV projects including engineers, installers, system integrators and security consultants. They offer a perfect introduction to Dahua products for new users and refresher for experienced security professionals.

What Do Our Training Courses Cover?

One day training at our premises, which covers;

- Choice of IP, HDCVI or Basic IP & HDCVI Training
- Dahua product introductions
- Product installation & configuration

Covers best practice for installing products, networking and configuration of settings and features.

- Remote access

Covers all aspects of remote and mobile access, including configuration of Dahua Smart PSS & DMSS software.

- Troubleshooting

Covers troubleshooting for common 'on site' issues.

Pricing

The course costs £80+ VAT per person. This covers one full day training including lunch. On successful completion of the course you will receive an account credit for the cost of the course to spend on Dahua products.

Booking a course with us

If you are interested in booking a training course with us please complete the attached form. Alternatively you can call our knowledgeable sales team on 01457 874 999, email sales@cop-eu.com or complete the form online at www.cop-eu.com/training.

Whats included?

Our comprehensive courses offer a full day of theory and hands on training plus;

- Course guide & engineer manuals
- Dahua software portfolio
- Full buffet lunch
- Refreshments throughout the day
- Certification of completion
- Account credit to the value of the course

Accommodation

We are accessible from the M60 & M62 motorways and can advise you on places to stay in the local area if required.
